

Research Methods @UF

HUM 2930x4C05 IDS 2935x4D40

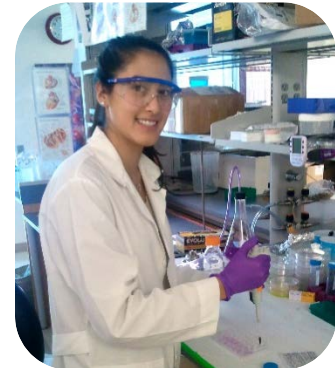

What do artists, engineers, biologists, educators, physicians, writers, historians, and other scientists and scholars have in common?

RESEARCH!

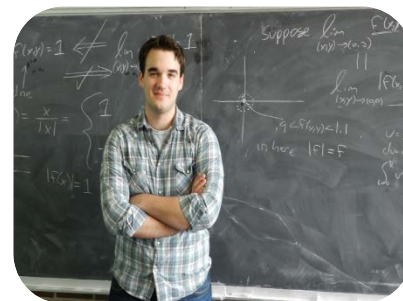

Do you want to learn more? Research @UF is a course *for all majors* that provides a dynamic, interdisciplinary, and interactive overview of the diverse research conducted by UF faculty. Panels of UF faculty will discuss their individual journeys to becoming a researcher.

Great for All
Majors!

Summer B 2015
1 credit Class, T/Th 5th
Period

Great for
Undecided
Majors!

Offered in collaboration with the

UF | University of Florida
